

NovaTech Solutions Inc.

COMPANY PROFILE

Innovating the Future, One Solution at a Time

NovaTech Solutions Inc. is a global technology company headquartered in Austin, Texas. Founded in 2011, we specialize in cloud infrastructure, enterprise software, and AI-driven analytics platforms. This document provides an overview of our company, mission, leadership, and key achievements.

About NovaTech Solutions

NovaTech Solutions Inc. was founded by Dr. Aisha Patel and Marcus Webb in 2011 with a vision to simplify enterprise technology for mid-to-large businesses. What began as a 5-person startup in a co-working space has grown into a 1,400-employee organization operating across 18 countries. Our flagship products power operations for over 3,200 enterprise clients worldwide, processing more than 2 billion API requests daily.
